

(Court program – Click courtnumber – login) This is often done by the administrator before the competition starts)

DTaF Instruction Court Page 2

In principle, there's always a red competitor **AND** a blue competitor. This is, however, not the case if it is not "battle" (single elimination). In that case, there's only one competitor, but the principles are the same.

Here there are 275 "battles" to be performed at this court.

						$\leq \uparrow$					

When the competitor performs his first action, start the clock. When the competitor have finished, stop the clock.

Click **check judges**. The fields for judgescores will be **RED**. Click a few times on **check judges**. When all judges have given their points, their fields for judgescores will be **GREEN**.

Now click Get judges scores.

Wait a short while, and then click ok/next

Note:

You will remain in this screen until all figures have been performed. First the competitor with ID 2 will perform the first figure (Keumgang). Then the competitor with ID 3 will perform the same figure. After that, they will both perform the next figure.

First when finished, you will proceed to the next match (continued at page 11).

If a competitor doesn't show up, click here (PauseClock):

If there are errors in the judge points, you can correct them here.

If you already clicked OK/Next, and find, that there was an error, you still can correct it. Finish the game (OK/Next until all figures have been performed). You will return here, and can correct the scores (See/Edit Score).

Select if you want to correct red or blue scores.

You are now ready to continue with the next match (here match number 2).

Note:

The winner of the match will (automatically) be transferred to the final.

Here you see the competitors ranking.

Here you see "Average total".

DTaF Instruction Court Page 13

When entering points for a new competitor, a screen is shown, indicating their ranking. Leave this on for a few seconds to allow the audience to see, and then close it here.

Instruction for Offline run.

If there are problems with the network (for the judges), but the Courts-PC's still have connection, instruct the following to the judges:

- 1. Shutdown the program
- 2. Close the network
 - a. Tis is very important, as errorfinding of the networkproblems is ongoing, and they should not cause any "networktraffic".
- 3. The judges shall start the version, on their desktop, called "Offline".

Now the judges can give points "as normal", without straining the network.

This is the screen of the judges:

Here Accuracy:

Here Presentation:

A → ? - ?" - ▼	OfflineJudge	- • ×
File Startside Opret Externe data Databasever/ltdjer >> Recognized Poomsae - Show Points		v 🚱 😑 🖗 🛛
Navigationsrude	3,9	
NEXT	₽°	
Formularvisning		

As the network is down, you must enter these points manually (see page 9).
