

Resultat liste for Pulje stævnet i Esbjerg 4-5-2013

Den vedhæftede resultatliste er baseret på Taekoplans måde at udregne vinder, i programmets opsætning bliver der indregnet følgende variabler:

Points, Score Diference(for, against), score for, mutual result.

Alle holdledere blev indkaldt til ekstra møde ved stævnet kl. 13:00 og der orienteret om den måde jeg mente programmet udregnede vinder.

Jeg orienterede om at jeg ville kontakte Taekoplan og høre om hvordan den formel der beregner vinder er lavet og derefter sende svaret til alle holdledere der har tilmeldt deltagere til stævnet.

Samtidigt ville jeg spørge mere om måden der bliver generet puljer på, da der var et par underlige ting.

Dette blev accepteret af holdlederne.

Hans Majlinder
